ACCOUNTABILITY

Performance Measurement and Evaluation

The Veterans and Human Services Levy produces annual and mid-year financial and performance reports to account for all levy expenditures and measure how each levy activity performs against its goals. See www.kingcounty.gov/VHSL-Reports.

Citizen Oversight

Citizen input and oversight will continue with the new levy. In addition to the boards focused on veterans and regional human services, a new Healthy Aging Advisory Board will be appointed to provide oversight for the older adults element of the new levy. Board meetings and materials are online at www.kingcounty.gov/VHSL.
